ORDINANCE NO. 1799
BOROUGH OF GLEN ROCK
BERGEN COUNTY, NEW JERSEY

AN ORDINANCE ADDING A NEW SECTION TO THE BOROUGH CODE OF THE
BOROUGH OF GLEN ROCK ENTITLED "SINGLE-USE BAG REDUCTION"

WHEREAS, the Mayor and Council of the Borough of Glen Rock recognize the need to add a new chapter to the Borough Ordinance to include a new section entitled "SINGLE-USE BAG REDUCTION"

WHEREAS: the Mayor and Council of the Borough of Glen Rock desire to reduce the number of disposable carryout bags that are being used, discarded, and littered and to promote the use of reusable carryout bags by retail establishments located within the Borough in order to curb litter on the streets, protect our marine environment and waterways, and reduce greenhouse gas emissions and solid waste,

Now, therefore, be it ordained as follows:

ARTICLE I.

A. DEFINITIONS

Food Service Establishment: Any establishment which serves made-to-order food or beverages for dine-in, takeout, or delivery, including food trucks and mobile carts

Goods and Products: Things and items that are prepared and made to be sold, including, but not limited to, clothing, groceries, prepared food, foodstuffs, meat, dairy, beverages, merchandise, books, jewelry, alcohol, tobacco products, toys, and any and all other things and items sold at retail by businesses and stores.

Produce Bag or Product Bag: Any bag without handles that is used exclusively to segregate produce, meats, other food items, and merchandise to carry them inside the store to the point of sale or to prevent such items from coming into direct contact with other purchased items, where such contact could damage or contaminate other food or merchandise when placed together in a reusable or recycled bag.

Property Maintenance Officer: The individual charged with the enforcement of this section.

Recyclable Paper Carry-Out Bag: A recyclable paper carry-out bag is a paper bag that is one hundred percent (100%) recyclable overall, contains a minimum of forty percent (40%) post-consumer recycled material, displays the words "recyclable" and "made from at least 40% postconsumer recycled content" in a highly visible manner on the outside of the bag, and is compostable. •

Retail: The sale of goods and products for use and/or consumption.

Retail Establishment or Retail Store: For the purpose of this section, retail establishment shall mean any commercial establishment whether or not operated for profit, including, but not limited to, mercantile establishment or store that engages in the sale of goods and products. The definition includes, but is not limited to, pharmacies, supermarkets, grocery stores, convenience stores, clothing stores, dry cleaners, food marts, food service establishments seasonal and temporary businesses, home based businesses, indoor or outdoor markets, and street fairs, which utilize plastic carry-out bags for the conveyance of merchandise.

Reusable Bag: A bag that is designed and manufactured to withstand repeated uses, is machine washable or made from a material that can be cleaned and disinfected regularly and meets the following criteria:

- i) has a minimum lifetime of 125 uses,
- ii) is capable of carrying a minimum of 22 pounds, and
- iii) does not contain lead, cadmium, or any other heavy metal in toxic amounts (as defined by applicable state and federal standards and regulations).

If the bag is made from plastic, it is at least 2.25 mil thick, has handles, contains a minimum of 20% post-consumer recycled content, and clearly indicates on the outside that it is “reusable” or “reusable and recyclable.”

A retail establishment or store may rely on a manufacturer’s, vendor’s, or distributor’s representations regarding bag characteristics.

Single-Use Plastic Carry-Out Bag: The term “single use plastic carry-out bag” means any bag made predominantly of plastic derived from either petroleum or a biologically-based source, such as corn or other plant sources, that is provided by an operator of a retail establishment or store to a customer at the point of sale. The term also includes bags that are compostable or biodegradable, but does not include reusable bags, produce bags or product bags (as defined above). This definition specifically exempts the following from the category of “Single Use Plastic Carry-out Bag”:

- (a) bags provided by operators and used by consumers inside retail establishments or stores to:
 - (1) package bulk items, such as fruit, vegetables, nuts, grains, candies, or small hardware items;

These prohibitions apply to single use plastic carry-out bags used for take-out and/or deliveries from retail establishments or stores within the Borough of Glen Rock. D. FEES FOR PROVIDING REUSABLE BAGS AND RECYCLABLE PAPER CARRY-OUT BAGS

All retail establishments or stores may make reusable bags and/or recyclable paper carry-out bags available to customers upon request for a fee of at least \$0.10 per bag if customers choose not to bring their own reusable bags. Small recyclable paper bags without handles and measuring 8 inches by 16 inches or less are exempt from any fee.

All monies collected by retail establishments or stores under this chapter shall be retained by the store.
