

Under Wire Tree Request Form

Each year the Department of Public Works plants native trees in the public right of ways throughout the borough. If you would like to have a tree(s) planted in the right-of-way by your home, fill out the form below and return to the Department of Public Works, the Recycling Center or Borough Hall. The DPW will make its best effort to honor your species request but may make changes based on availability and location request. **Use this form if you are requesting a tree for the side of the street where the utility wires run.**

Persimmon (*Diospyros virginiana*)

Hawthorne species (*Crateageus*)

Hop Hornbeam (*Ostrya viginiana*)

Eastern Redbud (*Cercis canadensis*)

Cut here and submit this portion of the Tree Request Form to the Glen Rock Public Works Department, 473 Doremus Ave, Glen Rock, NJ 07452.

Use this form if you are requesting a tree for the side of the street where the utility wires run.
